Artist Fellowship Program

The intent of the Artist Fellowship Program is to enrich and strengthen the state of Illinois by supporting accomplished Illinois artists who are the foundation of Illinois' creative environment. The Artist Fellowship Program recognizes exceptional artists who have created a substantial body of work throughout their career by providing awards to support continued artistic growth.

Awards

The IACA will provide a limited number of \$15,000 awards across the following discipline categories:

- Ethnic and Folk Arts
- Literature (Poetry, Prose, Scriptworks)
- Media Arts (Audio Art, Digital Art, Film, Video)
- Music Composition
- Performance-Based Arts (Choreography, New Performance Forms)
- Visual-Based Arts (Crafts, Interdisciplinary, Photography, Visual Arts)

A limited number of \$1,500 Finalist Awards will also be given. Recommendation for a Finalist Award has no bearing on an applicant's opportunity to receive an Artist Fellowship Award. Finalist Award recommendations are made only after all Artist Fellowship recommendations have been completed in a given category. If the applicant does not wish to be considered for a Finalist Award, indicate within the application.

Deadline

The deadline for the FY2019 Artist Fellowship Program is October 15, 2018. Applications must be successfully submitted to the [IACA SlideRoom system](#) by midnight on the deadline date.

Eligibility Requirements

All applicants must:

- Be citizens of the United States or holders of permanent resident alien status
- Be legal residents of the state of Illinois for the twelve months prior to the application deadline
- With the exception of Ethnic and Folk Art applicants, be an originating artist (i.e., the creator of original art work)
- Submit no more than one application to the Artists Fellowship Program per fiscal year.

- Submit an application utilizing a Slideroom account registered to the applicant.
- Submit all requested application materials.

Refer to the [Proof of Eligibility](#) page on the IACA website for specific details and verification requirements.

The following individuals are not eligible to apply:

To be considered applicants must:

- Have made a recognized contribution to their discipline through public presentation of their work.

Work produced within an accredited degree program is not applicable toward the five-year period of professional accomplishment.

Artistic Disciplines

Artists will select one Discipline Category to apply in. Each Discipline Category has a specific application form. Within some Discipline Categories, applicants will need to select a subcategory.

Ethnic and Folk Arts

Ethnic and Folk Arts are defined as those artistic practices which have a community or family base, express that community's aesthetic, heritage and tradition, and have endured through several generations. These art forms reflect the particular culture of the regional language, tribal, or nationality group from which they spring. Ethnic and Folk Arts Fellowships honor exemplary artists who have achieved mastery of a folk or traditional ethnic art appropriate to their heritage.

Subcategories of Ethnic and Folk Arts are:

- Material Culture (crafts, objects)
- Dance
- Music
- Storytelling

Literature

Literature encompasses three subcategories:

- Poetry
- Prose includes works of fiction (short stories and novel excerpts) and creative non-fiction. Creative non-fiction is distinguished from non-fiction by its strong narrative literary quality found in personal essays and memoirs. This does not include works that are primarily analytical, scholarly, or journalistic.
- Scriptworks includes stage plays, screenplays, teleplays, libretti, radio plays, and audio dramas.

Media Arts

Media Arts encompasses four subcategories:

- Audio Art consists of work created and produced by the applicant for broadcast, independent presentation, or web-based real-time audio (as opposed to soundtracks for film, video, or installation; or traditional musical compositions). This can include experimental narratives, radio dramas, documentaries, sound constructions, audio collages/montages, and radio artworks.
- Digital Art includes computer or web-based work in which the computer is central to the work's creation, presentation or understanding.

- Film includes documentary, experimental, animated, and narrative works. This does not include works primarily having a corporate, industrial, or educational audience.
- Video includes documentary, experimental, animated, and narrative works. These do not include works primarily having a corporate, industrial, or educational audience.

Music Composition

Music Composition includes original composition in all musical genres including chamber, choral, electronic, experimental, jazz, opera, and symphonic.

Performance-Based Arts

Performance-Based Arts encompasses two subcategories:

- Choreography includes original choreography in all dance forms including ballet, hip-hop, jazz, modern, and tap.
- New Performance Forms includes original work from performance artists, solo theatre artists, movement-based artists, and performance poets

Visual-Based Arts

Visual-Based Arts encompasses four subcategories:

- Crafts include clay, fiber, glass, leather, metal, paper, plastic, wood, and mixed media
- Interdisciplinary (visually-based interactive, kinetic, or multi-media works and installations)
- Photography
- Visual Arts includes design arts (architecture, fashion, graphic, industrial, interior, landscape architecture), experimental (conceptual, new materials), graphics, works on paper (drawing, printmaking, artists' books), mixed media, painting, and sculpture
