Creative Projects Grant Details

CPG will consider projects in arts, crafts, design, dance, digital media, film/video, literature, music, performance, photography, theater, visual arts, ethnic, folk and traditional arts, or community-based arts that include a public release or presentation during the grant period. Applications should clearly demonstrate meaningful human authorship and creative leadership within any Artificial Intelligence (AI)-assisted work.

Below are examples of both eligible, and ineligible, art practices that would have the potential to create projects funded under CPG. If you have any questions about whether your work is eligible for CPG please contact us (see page 3).

Examples of *eligible* art practices include, but are not limited to:

ethnic, folk, and traditional arts	music
acting	composition
performance art	conducting
theater design and direction	creative writing
puppeteering	visual arts
choreography	murals/public art
dance	community-based art
film/video/media arts	community-based teaching arts
digital media	

Examples of *ineligible* art practices include, but are not limited to:

therapeutic arts	cosmetology
software development	fitness
computer engineering	martial arts
culinary	

Individual applicants must:

- apply utilizing a Salesforce individual account registered to the applying individual artist.
- submit a valid State ID or Driver's License that is not expired.
- demonstrate a minimum of one year of residency in the State of Illinois.

Organizational applicants must:

- apply utilizing a Salesforce organization account registered to the applying organizational entity.
- have a valid FEIN and UEI number entered in the IAC grant portal's applicant information tab. For all applicants with an established SAM.gov account the UEI number can be found by logging into your SAM.gov account.
- be pre-qualified in the state's Grant Accountability and Transparency Act (GATA) system (see below) at the time of application. Pre-qualification status means having a GATA registration in good standing.

For Organizations only: GATA (Grant Accountability and Transparency Act):

Organization applicants must complete a validation process through the [State of Illinois' Grantee Portal](#) to obtain a GATA pre-qualification status. Pre-qualification through the Grantee Portal is required for all organizations, units of government, and schools and school-affiliate organizations applying for grant funding from the IAC.

Pre-qualification means that all of the registration steps have been met and that the status for the grantee is “Good” relative to an active [SAM.gov](https://sam.gov) registration, the Federal Excluded Parties List, Stop Payment List, the Secretary of State registration (if required) and the DHFS Sanctions List (also known as the Illinois Medicaid Sanctions List).

GATA tips:

- GATA qualification can take time, please start this process as soon as possible.
- GATA must be renewed annually. It is your organization’s responsibility to maintain an active GATA registration. An organization must be in good standing with GATA through the entirety of the application and grant period.
- GATA requires an active SAM.gov account. SAM.gov must also be renewed annually. SAM.gov is a free site, if you receive emails noting a cost to renew your SAM.gov account they are being sent from a third-party solicitor.
- Applications must be in GATA pre-qualification status at the time of application to be eligible.

GATA resources:

- IAC [Grant Accountability and Transparency Act](#) webpage
- State of Illinois [GATA New User Guide](#)
- These videos from IAC’s sister state agency, Department of Commerce and Economic Opportunity (DCEO) are a great resource. Please note that DCEO cannot answer any questions pertaining to IAC grant opportunities, but their videos may clarify the GATA process:

 - [Creating a GATA Account](#)

This [video link](#) will review the GATA resources details above.

Making Arts Accessible to All

Accessibility in the arts provides inclusive participation of people with disabilities in all cultural and creative spaces. Recipients of IAC funds are expected to make reasonable efforts for any public art activities and programs to be as accessible as possible. For further information and resources on how to do this please see the [Accessibility Resources](#) page on the IAC website.

Applicant Restrictions

- Applicants may only submit one application per fiscal year, including colleges and universities.
- College and university arts programs may apply for CPG only if the project benefits, and is accessible to, the general public. Those events which are normally considered a part of regular or academic programs will not be funded.
- IAC General Operating Support (GOS) grantees must demonstrate how the project is a unique opportunity outside of their daily operations and programming.
- Collaborative applications from individual artists are acceptable, but the applying artist will be fiscally responsible for the award, including taxes.
- Individuals may not apply on behalf of a 501(c)(3) or branch of government project.
- A project may only be funded once. Multiple applicants may not apply separately for the same projects.

Open Deadline and Regions

2. Eligible arts project

- Application describes an eligible arts project.

3. Confirmation of Project Feasibility

4. Eligible to receive funds from the State of Illinois

- Applicant is compliant with IAC requirements.
- Applicant is not on the Illinois Stop Payment List. Organizations and individuals may be placed on the Illinois Stop Payment List for not being in compliance with all state agencies. Examples include owing money to another state agency or not being up to date with reporting on state grants.

- Individual artists can show proof they have been an Illinois resident for a minimum of 1-year from the date of application.
- Individual artists have submitted a valid State ID or Driver's License.

CPG Process, Notification, and Compliance

Review Process

- When the application is created, the Salesforce grant portal will issue an application number that will be used in future communication regarding that application.
 - Applications which have been ruled ineligible or incomplete will not be reviewed.
 - Applications are reviewed based on the review criteria (see page 9).
 - The final recommendations are presented to the IAC board for their consideration and approval.
 - A record of the review process is maintained for all reviewed applications; applicants may reach out for review feedback after receiving decision notification.
-

Notification

All applicants will be notified of funding decisions once the IAC has reviewed and approved funding recommendations. Applicants approved for funding will receive, via email, instructions regarding requirements to accept and claim the grant (see Grant Acceptance section below). Please note that some email systems direct IAC notification emails to spam email boxes or quarantine them by the security settings on the organization's server/domain.

We encourage you to mark "no-reply@webmerge.me" and "InsureSign@send.insuresign.com" as safe email addresses in your account.

Once all documents have been returned via the IAC Salesforce grant portal and all requirements met, including the completion, and filing of all previous fiscal year Final Reports, the grant will be processed, and the payment voucher will be sent to the office of the State Comptroller. Once the payment voucher has been received by the State Comptroller payments can take two to six months.

Grantees can check the status of the grant payment through the [Comptroller's vendor website](#), or sign-up to be notified about the payment via email, text, or both. Grantees can also sign up for direct deposit from the Illinois Comptroller. Grantees are eligible for direct deposits if they have received a payment from The Comptroller's Office within the previous 24 months. Otherwise, the check will be mailed to the address on file in Salesforce for the applicant. Please contact The Comptroller's Office at (217) 557-0930 if you would like to set up direct deposit.

For individual artists this award is taxable income. Individual grantees will be issued a 1099-G from the state comptroller for the year in which the grant funds are received.

Compliance

Grant Acceptance

For awards to be processed all grant acceptance documents must be submitted to the IAC Grants Office. It is the responsibility of the applicant to read all emails carefully and follow the instructions.

The documents to be submitted via the IAC Salesforce grant portal include:

- Completed and signed W9 form.

- Copies of letters submitted to legislators. Organizations that receive an IAC award are required to notify by letter their state representative, state senator, and the Office of the Governor of the grant amount and the project or program it helps support. Prior to mailing the letters to the legislators, make electronic copies of the letters to include with your grant acceptance materials.
- Legal Status Disclosure Certificate (LSDC) signed and dated by the authorizing official.
- Grant Agreement signed and dated by the authorizing official.

Applicants approved for funding will be requested to upload a W9 and copies of the legislative letters to [IAC's Salesforce grant portal](#). Following the upload of these documents the Authorizing Official will be sent a link to sign the grant agreement and LSDC via Formstack.
