- Enrollment in higher education classes or programs
- Presentation of classes or workshops
- Projects and activities which take place outside the United States
- Collaborative projects

Making the Project Accessible to All
Recipients of public funding are required to make reasonable efforts for projects to be accessible to the public. Applicants should consider physical and programmatic accessibility as an integral part of the planning and budgeting process. Accessibility involves both the location (the facility) and the content (the activity or product.) Thinking about accessibility issues (e.g., accessible websites, sign language interpreters, recordings of printed materials, audio-description describers, or large-print labeling) in the early planning stages of a project, is the key to ensuring that persons with disabilities will be able to participate. For further information and resources see the Grantee Requirements page on the IACA website.

Deadline
IAS/PD has an open deadline. Applications must be received 8 weeks prior to any expenditure included in the Project Budget. Applications are reviewed in the order in which they are received and will be accepted until funds are fully committed or by May 15, 2020.

Grant Period

Request Amounts
Applicants may request between $500 and $1,500. All requests should be rounded-down to the nearest five or ten. Grant amounts awarded are based on eligible expenses outlined in the Project Budget.

Cash Match
There is no cash match required. If the project’s budget is greater than the IAS/PD request, the applicant must demonstrate that sufficient resources are available to complete the project.
Eligibility Requirements
All applicants must:
- Be citizens of the United States or holders of permanent resident alien status
- Be legal residents of the state of Illinois for the twelve months prior to the application deadline and throughout the grant period.
- Be at least 18 years of age.
