Updated Guidelines

Please note that nearly all sections of the guidelines have been updated. We ask you to please read through carefully for all details.

COVID-19

While no one could have foreseen the effect the COVID-19 pandemic would have on the creative sector in fiscal year 2020 and 2021, we do know that the effects will be felt for many years to come. The changes made to this grant (name change, guidelines layout re-structure, new online application portal, etc.) have been actively discussed by the IACA staff for some time and were on schedule to be implemented this year.

The return of this grant to its original intent is perhaps serendipitous during a time when so many arts and cultural organizations in Illinois are unable to host programs and events in their spaces. Due to COVID-19 and the Governor's guidance on safely reopening, many of you have made and continue to make significant changes to your operations – from reducing staff and real estate, to cancelling seasons, to moving programming entirely online.

If your organization is continuing to operate with virtual or modified programming, or even better, finding ways to thrive in this time, we applaud your effort and dedication. If your organization has struggled to meet the challenges presented by the COVID-19 pandemic, understand that we want to support your organization through these challenging times. If you have any question regarding filling out the application and reporting on the impact of COVID-19 on your organization, please contact your Program Director for guidance. Know that we will continue to dedicate our efforts to support every eligible Illinois not-for-profit organization providing arts and cultural programming to Illinois' communities.

General Operating Support Grant Description

The Illinois Arts Council Agency's (IACA) General Operating Support Grant provides general operating support to established not-for-profit organizations that make a significant local, regional, or statewide impact on the quality of life in Illinois.

Successful applicants demonstrate strong operations, stable management, ongoing assessment and evaluation, as well as a strong commitment to making artistic programs accessible and relevant to a diverse range of participants. Organizations must also show that their programs and activities have artistic, educational, and cultural value.

Grant Disciplines

General Operating Support Grant applicants must select one of the following Disciplines in which to apply.

- Arts-in-Education
- Dance
- Ethnic & Folk Arts
- Literature
- Local Arts Agencies
- Media Arts
- Multidisciplinary
- Music
- Presenters Development
- Theatre
- Visual Arts

[Arts Service Organizations](#) and [Partners in Excellence](#) applicants refer to different guidelines that are unique to their respective grant programs.

For Arts Service Organization questions please contact Program Director, [Teresa Davis](#). For Partners in Excellence questions please contact Deputy Director, [Encarnacion Teruel](#).

Eligibility Requirements

- Applicants must be tax exempt (501c3) organizations registered as not-for-profit corporations in good standing with the Illinois Secretary of State, or units of government (i.e., school, school district, park district, library district), or institutions of higher education. Refer to the [Proof of Eligibility](#) page on the IACA website for specific details.

- Applicants must have been providing public arts programming for at least one full fiscal year prior to the date of application.
- Applicants must submit all required application materials by the deadline.

Making the Project Accessible to All

According to state and federal law, every organization receiving public funding must ensure that it is in a position to provide accommodations when persons with disabilities make requests for services. Accessibility involves both the location (the facility) and the content (the activity or product) of the program. Thinking about accessibility issues, e.g., sign language interpreters, audio recordings of printed materials, audio-description describers or large-print labeling, in the early planning stages of a project, is the key to ensuring that persons with disabilities will be able to participate in the programs.

For further information and resources see the [ADA Compliance](#) page on the IACA website.

Illinois Grant Accountability and Transparency Act (GATA)

- Before submitting an application through the [IACA online grant system](#), applicants must first complete a validation process through the [State of Illinois's Grantee Portal](#) to obtain a pre-qualification status. The IACA will not be able to consider an application for funding until the applicant has completed this step.
- Pre-qualification through the Grantee Portal is required for all organizations, units of government, and schools and school-affiliate organizations applying for grant funding from the IACA.
- To obtain a pre-qualification status, go to the Grantee Portal (<https://grants.illinois.gov/portal>).
- An organization must be in good standing with GATA through the entirety of the application and grant period.
- Please note that GATA must be renewed annually. It is your organization's responsibility to maintain an active GATA registration.
- Refer to the [Grant Accountability and Transparency Act](#) page on the IACA website for specific details.

Applicant Restrictions

- Colleges, universities and organizations whose primary services are not arts-related, may only apply for costs related to public arts programming activities. College and university arts programs and projects must involve the general community beyond college or university students, faculty, and staff.
- Multiple applications are not accepted from an organization for General Operating Support Grant and Grants to Arts Service Organizations and Partners in Excellence Programs EXCEPT FOR colleges and universities. This does not preclude an organization from applying to other IACA grant programs.
- Organizations with which advisory panelists or IACA Board members are affiliated are eligible to apply. However, a panelist or Board member may not be the authorizing official signing any documents relating to an application or grant award.

Deadline

The FY22 General Operating Support Grant deadline is March 31, 2021. The application must be successfully submitted by 11:59 PM CST to [IACA's online grant system](#).

Grant Period

FY22 General Operating Support Grant supports activities occurring between September 1, 2021 and August 31, 2022.

Award Amount

Applicants do not request a specific amount. The IACA anticipates that awards will generally range from \$500 to \$25,000. Grants will be based on these factors:

- The IACA FY22 budget allocation
- The organization's FY19 cash expenses
- The review score given to the application
- The total number of applications approved by the IACA board for funding.

Cash Match Requirements

General Operating Support Grant recipients must meet all [Grantee Requirements](#) as well as the following cash match requirements:

- All matching funds must be from non-state sources.
- A cash match equal to 70% of the grant amount is required from organizations whose last completed fiscal year's cash operating expenses for public arts programming were \$50,000 or less, e.g. a \$5,000 grant requires a \$3,500 grantee cash match.
- A cash match equal to 100% of the grant amount is required from organizations whose last completed fiscal year's cash operating expenses for public arts programming were over \$50,000, e.g. a \$5,000 grant requires \$5,000 grantee cash match.
- College and university applicants must provide a cash match that is raised from outside sources. A match must be provided beyond staff time, required student fees and overhead provided by the college/university.
- For further information refer to the [Financial Glossary](#).

Appeals

An appeal of the IACA's decision must be made in writing within 30 calendar days of the date of the notification letter. Appeals are limited to situations in which incorrect information has been used in the panel process, procedural faults have occurred, or new information not available at the time of the panel meeting which, in the opinion of the panel chair, could significantly influence the recommendation is now available. Appeals should be made within the [IACA online grant system](#) and be addressed to the IACA Executive Director.
