- Ability of the applicant to carry out the project
- Quality of the applicant's work

### **Review Process**

The application is received and assigned an application number that will be used in future communication regarding that application.

The IACA staff reviews the application based on the review criteria with advisory panelist expertise when necessary. Applications which have been ruled ineligible or incomplete will not be reviewed. The applicant may be asked to answer questions or submit further written information. A record of the review process is maintained for all reviewed applications, applicants are encouraged to call for review feedback after receiving funding notification. Funding recommendations are presented to the Executive Director and the IACA board of directors for approval.

## **NOTIFICATION & COMPLIANCE**

### **Notification**

Applicants will be notified of the Council's decision on their application via email within eight weeks of eGRANT submission date. If funded, this notification will include grant agreement and other required materials, which must be completed and returned to authorize payment. Once these documents and copies of other requested materials\* are returned to the IACA, it will take at least two months and up to six months for payment to be issued by the State Comptroller.

\*Before funds are released, grantees may be required to provide additional documentation that confirms residency status for at least one year prior to the application deadline. Refer to the [Proof of Eligibility](#) page on the IACA website for specific details and verification requirements.

Grantees are legally obligated to complete their project activities within the time frame and by the manner specified in the grantee’s application.

Grantees should ensure they have access to available resources (monetary and otherwise) with which to fully complete the funded project in the timeframe and manner specified before accepting a grant award.

### **Taxability of Grant**

The Internal Revenue Code provides that the full amount of an Individual Artist Support Program grant is taxable to its recipient. For questions regarding income-tax liability, contact the Internal Revenue Service or a personal tax advisor.

### **Final Report**

All grantees are required to complete and submit a final report no later than 30 days after the completion of the project as stated in the grant agreement. Failure to submit a final report jeopardizes the receipt of future IACA funding.

### **Crediting Requirements**

Grant recipients must credit the IACA in all promotional material and public notices in the following manner:

***This program is partially supported by a grant from the Illinois Arts Council Agency.***

For further information regarding usage of the logo and to download a copy, go to the [logo page](#) of the [IACA website](#).

### **Making the Project Accessible to All**

Recipients of public funding are required to make reasonable efforts for projects to be accessible to the public. Applicants should consider physical and programmatic accessibility as

an integral part of the planning and budgeting process. Accessibility involves both the location (the facility) and the content (the activity or product.) Thinking about accessibility issues (e.g., accessible websites, sign language interpreters, recordings of printed materials, audio-description describers, or large- print labeling) in the early planning stages of a project, is the key to ensuring that persons with disabilities will be able to participate.

For further information and resources see the [Grantee Requirements page](#) on the IACA website.
